

SOCIAL RESPONSIBILITY POLICY

While operating our hotel, to contribute to the development of both the environment and our employees as well as the communities which we are living together, these are one of our aims to achieve sustainable tourism.

Especially to build and keep alive the schools to the region where we are living; for the protection of historical and cultural values and their works will be found in both the morally and financial assistance as well. For giving scholarships to support the education of students who needs as well as supporting and answering the school requirements of the students.

Our property will continue to increase their relationship and the membership of non-governmental organizations with related to local and national tourism and sustainability environment.

In our property, as much as possible we will provide employment to the people who lives in the area and selection of locally produced as well as employment and will contribute to the local economy. We will provide the long term working to the staff with informing them about the all related working information, education-related skills and good manners will allow the organization to increase. Our employees and business partners will endanger the health and safety risks to minimize and to make continuous improvement in all our processes to prevent work accidents and occupational health and will comply with the legal requirements and regulations regarding safety.

We will not make any distinction to the employess about their workings and their preferment processes also for the relations from outside of the our property with the regional people, creed, language, race, sexuality. We will give a importance to the disabled staff employed.

To eliminate the negative effects that may arise as a result of the development of tourism we will be in a very close cooperation with the local authorities and public managements.
